Since his charges were made he has been excommunicated.

HEALTH OFFICERS.

Hold Annual Conference at Austin and Discuss Sanitary Matters.

Austin, May 24.—In response to the call of State Health Officer Tabor, a number of local health officers from over the state met Monday morning in the railroad commission hearing room to consider sanitary measures and the prevention of infectious diseases. There were some thirty officials present and Dr. Tabor gave them a hearty welcome.

Individuals and communities were requested to screen houses and use kerosene oil or fish in water to keep away mosquitoes.

Dr. Langford of San Antonio made an address on "Teaching Preventive Medicine in the Public Schools." He spoke most interestingly and illustrated how the children can be thoroughly taught in matters of sanitation.

There was a general discussion of smallpox.

Principal Officers of Big Mexican Lottery Are at City of Mexico.

San Antonio, May 24.—Ulisse Bassette and Emil Berthier of the City of Mexico, the principal officers of the Big Mexican lottery, are among the men indicted by the Federal grand jury, which investigated the lottery business in this city.

These two men are now in Mexico, and will probably remain there as the crime with which they are charged is not one for which they can be extradited under the treaty now in force between Mexico and the United States. The indictments, however, will have the effect of barring these two men from entering the United States, for as soon as they put foot across the border they would be promptly nabbed by the United States officers.

PARLIAMENTARY LAW.

There Was Considerable Argument Indulged In on the Matter.

Fort Worth, May 24.—In the Southern Presbyterian general assembly Monday afternoon there was considerable discussion of parliamentary law. Several commissioners desired the privilege of the floor at the same time. At Monday night's session the question of ministerial education and relief and also colored evangelization were discussed, but no action was taken.

The state convention, which was called to order by Colonel George P. Finlay, its president, was attended, also by members of the national association, the latter being scheduled to begin its sessions Wednesday. The address of welcome, after an invocation by Rev. Dr. Moore, pastor of the First Methodist church, was made by James Moroney, president of the Dallas Commercial club. President Finlay responded. Business was then entered upon.

The Dames of 1846 met at the First Methodist church. Hon. R. E. L. Knight delivered an address of welcome, to which Miss Katie Daffan, state organizer, responded. The president, Mrs. Moore Murdock then called for regular business.

GOVERNOR APPROVES.

General Appropriation Bill is Now Effective Measure.

Austin, May 24.—Governor Lanham has approved the general appropriation bill passed by the legislature. The only item in the bill cut out was the appropriation of \$3000 to enable the railroad commission to employ counsel in the way of litigation between the railroad corporations and the railroad commission. The governor holds that in a paragraph the attorney general is authorized to employ an assistant on an annual salary of \$2000, who shall perform such services as may be directed by the attorney general in railroad commission anti-trust suits. The bill goes into effect at once.

It is rumored that Governor Lanham may veto the state banking bill. The measure has been in the attorney general's department for some time and it is learned that grave discrepancies have been discovered, which may cause the governor to disapprove it.

The governor has reappointed John Sealy, E. R. Cheesborough and J. P. Alvey members of the grade raising board of the city of Galveston for two years.

LARGEST ATTENDANCE.

Expected Report of Committee on Federation the Cause.

Fort Worth, May 24.—In view of the expected report of the committee on federation the attendance on the Presbyterian general assembly Tuesday morning was the largest of the session thus far. Meetings of the committee have been held behind closed doors, but it was understood there was a division on the proposition.

The assembly discussed the overtures from Montgomery presbytery on marriage and divorce. Those opposed to appointing a committee of three to report on the matter held that the church has no right to interfere in civil or governmental affairs. It was stated that more than 70,000 divorces were granted in the United States annually—more than in all other civilized countries combined.

The committee on federation recommended that a federation committee be appointed to confer with similar committees of the other Presbyterian churches and report to next year's general assembly at Greenville, S. C.
