AMERICAN HARVESTERS
PREFERRED IN SIBERIA.

London, May 23.—The board of trade today issued an exhaustive report made by Special Commissioner H. Cook on trade with Siberia in which British traders were again taken to task for allowing other nationalities to elbow them out of a promising market. "The American, Dane, and German," writes Mr. Cooke, "is already there and has captured some of the most fruitful fields of enterprise. These rich regions will be to Russia's increasing millions what the colonies are to the British Isles. From now Russian immigrants and Siberian peasants, though they will be supplying the London market with butter, and as they reap the crops with American investors, discussing with intelligence their preference for machines from Milwaukee and Chicago."

BOTH SIDES FIRM IN CHICAGO STRIKE

Three Additional Lumber Companies Drawn Into the Struggle.

Received Orders to Deliver Material to Boycotted Firms Is Met With Refusal on the Part of the Drivers—Troops May Have to be Called Out—Teachers Charged With Urging Pupils on in Demonstrations.

COST AND SCOPE OF THE BIG STRIKE.

Strike began	April 6
Cause—sympathy for garment workers, on strike since Nov. 19, '04	71
Number of garment workers originally involved	17
Teamsters called out at Montgomery Ward & Co., April 6	71
Total number strikers	3772
Persons killed in strike violence	8
Persons injured (reported by police)	157
Police on strike duty	2300
Deputy sheriffs on strike duty	3000
Cost to city for extra police	\$ 37,000
Cost to county for extra deputy sheriffs	\$ 32,000
Loss to teamsters in wages	\$ 435,000
Assessments on employed teamsters	\$ 250,000
Cost to employers (wages and lodging of strikebreakers and protection of wagons)	\$ 840,000
Shrinkage in business of wholesale stores (estimated)	\$ 2,000,000
Shrinkage in business of retail stores (estimated)	\$ 2,700,000
Shrinkage in railroad freight business (estimated)	\$ 1,250,000
Loss to non-involved business concerns	\$ 5,000,000

Chicago, Ill., May 23.—The widening of the breach between the number of dealers and the drivers signaled a continuance of the aggressive feeling on both sides today in the teamsters' strike. The renewal of orders to deliver material to boycotted business establishments was pushed vigorously by the lumber dealers, notwithstanding the invariable previous experience that such orders would be met by a refusal on the part of the drivers. Equally determined the teamsters showed no sign of wavering, although faced by the certainty in a general strike. One after another of the three additional lumber companies were drawn into the struggle today and the prospects of the stoppage of all building construction in Chicago came palpably closer to a reality.

Troops May Be Called Out.
Chicago, Ill., May 23.—The teamsters' strike today threatens to assume proportions that will render a call for troops necessary, and at the same time new hopes of a peaceful settlement have developed. The situation is thoroughly paradoxical. While the strike grows, peace is once more in the balance. The express companies seem to hold the key to the situation, but hopes based on these companies may be elusive, for in spite of many rumors to the contrary, the emphatic statement is made that they will not yield an inch. The striking express drivers may get their old places after the strike is settled, but the stand of the Chicago agents, backed without exception by the general officials of the companies, is against making any promises in advance.

The agents of the express companies were expected to be represented at an adjourned conference between the employers and the teamsters, which was scheduled for today. If the express agents meet the strike leaders today it will be for the first time since hostilities began. Their prospective presence presents another hopeful sign to the optimistic.

School Children in the Strike.

Fire Breaks Out In Colored University Dormitory Destroyed

Nashville, Tenn., May 23.—The Roger Williams university, one of the foremost colored institutions of learning in the country, experienced its second serious loss by fire within the past few months. The fire was discovered in the fourth-story dormitory at an early hour this morning and as the building was located two miles from the city and there was no adequate means of fighting the flames the structure was soon destroyed. How the building caught fire is a mystery. The destroyed building cost about \$25,000. The university was run under the auspices of the American Baptist Home Mission society with headquarters in New York. So far as is known no one was injured in the fire.

PUBLIC OFFICIALS TENDER RESIGNATION.
Philadelphia, Pa., May 23.—Director of Public Works Costello and Director of Public Safety Smith today at the request of Mayor Weaver tendered their resignation. This is the latest and most startling development in the fight against the lease for seventy-five years of the city gas works to the United Gas Improvement company.

DOORS CLOSED

Bank Superintendent Is in Charge.

Merchants' Trust Company Unable to Pay Loan of \$533,000.

New York, May 23.—The doors of the Merchants' Trust company of this city were closed today. The company was closed by order of F. D. Kilburn, state superintendent of banks, notice to that effect being posted upon the doors. It was said today that the closing of the institution is due to the inability to secure payment of certain loans which consisted of securities of the Hudson Valley Railway company. The company was participant in the Hudson Valley Railway company syndicate to the extent of \$533,000. Reports that the company would be obliged to discontinue business were circulated on the streets yesterday and affected the stock market in late dealing yesterday afternoon.

Samuel Untermyer, counsel for Jacob L. Phillips, president of the Merchants' Trust company, gave out the following statement: "In view of the publicity that has been given to the efforts of the company to increase its cash resources and to the unmarketable character of certain securities which it holds as collateral for large loans, I have been advised by the president to recommend suspension of business so as to prevent a run on the institution. Mr. Phillips has been president for only a few months. The loans that crippled the cash resources were not made under his administration and he has no responsibility for them. Ever since Mr. Phillips assumed the office his efforts have been directed towards inducing those under whose administration the loans were made to take them out of the institution. This has not been done."

IRON FOUNDRY MEN MAY STRIKE IN NEW YORK.

New York, May 23.—Demands backed by a threat to strike June 1 have been made by the cupola tenders, helpers and laborers in the iron foundries of New York, Kings, Richmond and Westchester counties and in Hoboken, Jersey City, Elizabeth and Bayonne. They now demand a new wage scale and the closed shop with \$3 a day as the minimum for cupola tenders and laborers; \$2 minimum for helpers and laborers; a nine-hour work day, time and a half for overtime; and double time for work done on holidays.

THE STRIKE SITUATION AT LAHAINA UNSETTLED.

Honolulu, May 22 (9:10 p. m.)—The situation at Lahaina is quiet. The strike is reported unsettled, but the authorities are now thoroughly in control. Owing to a break in the overland communications from the wireless station on the island of Maui to Honolulu there has been practically no communication with Lahaina today. The Japanese consul in a message which was brought overland tonight says there will be no further trouble.

Receivers Appointed.
Albany, N. Y., May 23.—Upon application of Attorney General Mayer Justice Cochran of the Supreme court here today appointed Douglas Robinson and the New York Trust company as receivers of the Merchants' Trust company. The bond of Mr. Robinson was fixed at \$500,000. Under the law a trust company as receiver is not required to give bond.

Goldfield Bank Fails Liabilities \$78,227 and \$4821 Assets

Goldfield, Nevada, May 23.—The Goldfield Bank and Trust company, with liabilities of \$78,227, has failed. The assets, so far as discovered, are \$4821, of which \$4800 are in notes. There are \$16 in the vault and a \$5 gold piece was found under the counter. A disorganized state of affairs seems to exist in the bank. J. B. Young is president of the bank and is also president of the Goldfield Investment company. Two checks drawn on the John Cook bank by W. R. Hale of San Francisco, each for \$5000 in favor of Francis L. Burton, promoter of the Goldfield Investment company, were recently paid by the insolvent bank. One of these checks is dated May 23 and was paid on the 20th. It was evidently presented at the Cook bank by the Goldfield Bank and Trust company, as it is stamped "no funds," W. R. Hale having no account there.

ROJESTVENSKY ON HIS LONG VOYAGE

Report of the Death of the Russian Admiral Is Ridiculed.

Vice Admiral Biriloff Goes to Vladivostok as a Precautionary Measure in the Event That Admiral Rojestvensky Is Killed or Disabled During the Coming Sea Fight—Other War News.

St. Petersburg, May 23.—The Associated Press was informed at the admiralty today that no direct advice have been received from Vice Admiral Rojestvensky for ten days, and it is believed that he has set out on his long voyage. The report of Rojestvensky's death is ridiculed by the admiralty officers.

The sending of Vice Admiral Biriloff to Vladivostok, it is now explained, is a natural precautionary measure for the purpose of having the energetic commander at Vladivostok to replace Rojestvensky in the event that the latter was killed or disabled during the coming sea fight, no doubt being entertained that if the fleets come together Admiral Togo's vessels will concentrate their fire on the Russian flagship.

Should Rojestvensky come out of the fight victorious and enjoying health, it is considered a foregone conclusion that he will be rewarded with the appointment to supreme command. Fortunately the best relations exist between Rojestvensky and Biriloff and the latter would be glad to give way to his victorious colleague. Nemirovich Danchenko, a well known Russian newspaper correspondent, has written a spirited defense of the Russian soldiers against the reproach of drunkenness, comparing his observations in the Russo-Turkish war and the present conflict to show increased sobriety of the Russian troops.

THE RUSSIANS RETREAT NORTHWARD IN DISORDER.

Tokio, May 23 (noon)—Imperial army headquarters reporting today says: The Russian cavalry which detoured toward Fakuken from the right bank of the Liao river was frequently defeated by our read guards. On May 20, after their failure in the vicinity of Tafangshen, they camped with the main strength at Siaoatzu, 26 miles from Fakuken, and on May 21 they retreated to the right bank of the Malien river. In the meantime a few companies of the enemy's force remaining on the left bank of the Malien river were defeated and retreated northward in disorder. Otherwise the situation is unchanged.

Chief of Police Irwin Will be Applicant for Reappointment

City Marshal W. H. Irvin will be an applicant for reappointment to the position he now holds. "If tendered the position I will accept," said Marshal Irvin this morning. "Furthermore, I am going to apply to the commission for reappointment and if successful I will do the best in my power for the city and the public in general."

When interrogated relative to the rumor that he would be retained by the commission, in his present capacity, Chief Irvin stated in that direction he had nothing to say for publication. With reference to holding office against the protest of the new administration, Chief Irvin remarked that in such an event he would act under the advice of the commission. Chief Irvin discredits the notoriety given by the newspapers to the alleged controversy between the new administration and the commission. He likewise takes little stock in the announced appointments of the new administration, declaring they resulted from the mere fact that Mayor-elect Callaghan spoke to one of the mentioned nominees.

One of the "Two Johns" Dead, Aged 71 Years

St. Louis, May 23.—John Stewart Crossy, known throughout the theatrical world as J. C. Stewart, one of the "Two Johns," the famous fat men of the stage, is dead at the home of his son, Dr. Butler R. Crossy. Mr. Crossy was 71 years old and he was born in Dublin, Ireland. In addition to a wide reputation as an actor, Mr. Crossy was also known as a playwright, having been the author of several farces. Among his other ventures he at one time conducted a theater in Philadelphia.

THE WIFE WANTS DIVORCE. INJUNCTION AND RECEIVER.

Alice Anello is suing Frank Anello for divorce, injunction and receiver in the Forty-fifth district court. Plaintiff alleges that her husband is in the saloon business in Galveston and she prays the court to enjoin him from selling the property and the business and wants a receiver appointed to dispose of the business and give her an equal share of the proceeds of the sale.

ENGLISH YACHT SUNBEAM 817 MILES FROM SANDY FORD.

New York, May 23.—Lord Brassey's yacht Sunbeam, a contestant in the trans-Atlantic yacht race, was passed yesterday by the steamer Eron Prinz Wilhelm, bound for this port, 817 miles from Sandy Hook. The following dispatch to this effect has been received by the Associated Press: "The steamship Kron Prinz Wilhelm, via Marconi wireless station at Salsnesund, Mass., May 23, passed on the twenty-second of May 1:40 a. m. in latitude 40:39 north, longitude 53:55 west 817 miles, east of Sandy Hook lightship the English yacht Sunbeam."
