THE BALL HAS OPENED

REGISTER LIPSCOMB ANNOUNCES AND FROM NOW ON THERE'LL BE SOMETHING DOING.

LIST OF POSSIBLE COUNTY CANDIDATES

The county political pot has started boiling and from now till the primary next spring there will be something doing every day. The quiet of the past month or two has not been for lack of aspirants for county honors and offices—the woods are full of them, but every man has been playing a quiet game, a lone hand, feeling the pulse of his constituency, gauging the strength of his probable opponent and waiting for the other man to make the first move.

The county's genial Register, Mr. T. E. Lipscomb has started things however and is out in this week's Herald with an announcement of his candidacy, and others will rapidly fall in line. Mr. Lipscomb has served in his present capacity only one term and he wants to serve one more. He will have opposition, however, for among those mentioned as probable candidates are Capt. H. L. White, the accommodating and popular floor manager at McKennon, Anderson & Foster's, Rev. Mr. Walker of Santa Fe and Sam Taylor, of Theta.

Trustee Kannon is ready to step down and out and devote his time henceforth to his farming and stock interests; but his efficient deputy, Mr. Flem Thomas is an avowed candidate, as is also Houston Thomas. Mr. G. K. Houser, who ran a creditable race for this position a few years since, it is said, will again make the race, and some months since friends of Col. H. G. Evans mentioned his name in connection with the Trusteeship.

The race for Sheriff promises to be a free-for-all and from this distance ap-

pears to be a very open contest. Ten names are now mentioned as probable candidates and are as follows: Deputy Sheriff W. J. Goad, Ex-Deputy Arthur Church, of Carter's Creek, Constable Will Harris, of Mt. Pleasant, Mr. Milt Allen, of near Columbia, A. L. Emerson, of Sunnyside, a former candidate, City Marshall Love Webb, who served the county one term as Sheriff, R. W. Hight, who was also Sheriff one term, T. C. Harris, of Water Valley, G. N. Pickard, of Sandy Hook, a former candidate, and Jonas Erwin formerly deputy, and perhaps others.

In the race for Circuit Clerk, it is said that W. P. Worley, the present incumbent will be out to succeed himself. Harris Puryear, one of Trustees Kannon's efficient deputies, will also be a candidate; and the name of J. J. Pogue, of Hampshire, is also mentioned.

County Clerk Thomas will retire to his farm after the present term, and his deputy, Hardin Thomas, who has had some valuable experience in the work of the office, will make the race for the position. So far Mr. Thomas has no opposition; but knowing ones say there is time yet, and that he will have.

THE STORY OF THE QUININE TREE.

The quinine bearing trees named by Linnaeus cinchona were so called in honor of Ana, countess of Chinchona, vicereine of Peru, in 1639. A Spanish lady whose first husband was twice viceroy of Mexico and once of Peru, and her second also viceroy of Peru. While in Lima she fell ill of an ague, from which she was relieved by the powder of a bark given to her physician by a Peruvian noble, whom it had cured some years before, and when she returned to Europe she took with her a quantity of this bark. She died before reaching Spain, but it was owing to her cure and the measures she had taken to make known the remedy that quinine was first introduced into Europe, where the knowledge of its virtues was soon spread by the Jesuits. The name properly should be according to the Spanish, cinchona, but is rarely so spelled.

It is semi-officially announced in St. Petersburg that Kaitiff, the murderer of Grand Duke Sergius, of Moscow, was hanged Tuesday.

Padgett and Senator E. W. Carmack. Then the regular business convention will be held. Lunch will be served at the hotel, and a drive to the Century Phosphate Co's plant will follow in the afternoon. Verness and Pat Walsh were re-appointed Election Commissioners for Davidson County.

CONSTABLES REPORT ON DELINQUENTS

The constables of the county have turned in the reports of their delinquent tax collections to the Trustees and Deputies Thomas and Puryear are now making up the books. The best report so far examined is that of Constable Gay Thompson, of the Eighth district. Mr. Thompson carried out \$57.10 for collection and turned in \$60 in money besides his costs. There were a number of arrearages assessments on his list too.

SENSATIONAL JUMP

Made in the Price of May Corn on the Chicago Board of Trade Yesterday.

CHICAGO, May 25.—Corn for delivery during the month of May sold here today for 67 cents a bushel, an advance of $\frac{1}{2}$ ¢ from yesterday's closing quotations. The sensational upward jump in the price of that option was due to a stampede among shorts, who were filled with fresh alarm at the prospect of a continuance of an aggressive bull campaign in the May delivery. The market was comparatively quiet at the opening, with May up $\frac{1}{2}$ ¢ to $\frac{3}{4}$ ¢, at 58¢ to 58 $\frac{1}{2}$ ¢. An advance of nearly 2¢ occurred early in the session on moderate buying by shorts. Toward noon, however, the price made a violent leap upward, and just before the close the price touched 67¢, a gain of $\frac{1}{2}$ ¢ from yesterday's final quotation. The close was at 66 $\frac{1}{2}$ ¢, a net advance of $\frac{1}{2}$ ¢.

WITH SCANT ASSETS

Goldfield Bank & Trust Company, of Goldfield, Nev., Fails—Badly Disorganized Conditions.

Goldfield, Nev., May 23.—The Goldfield Bank & Trust Company, with liabilities of \$78,227, has failed. The assets so far discovered are \$4,821, of which \$4,800 is in notes. There was \$16 in the vault and a five-dollar gold piece was found under the counter. A disorganized state of affairs seems to exist in the bank. J. B. Young, President of the bank, is also President of the Goldfield Lida Investment Company. Two checks, drawn on the John Cook Bank here by W. R. Hale, of San Francisco, each for \$5,000, in favor of Francis L. Burton, promoter of the Goldfield Land Investment Company, were recently paid by the insolvent bank. One of these checks was dated the 23d and was paid on the 20th. It was evidently presented at the Cook Bank by the Goldfield Bank & Trust Company, as it is stamped "no funds," W. R. Hale having no account there.

SUFFERS LOSS OF \$25,000

Roger Williams University At Nashville Visited By Second Fire In Four Weeks.

Roger Williams University, one of the oldest colored institutions of learning in this section, suffered another heavy loss by fire Monday night. Shortly before midnight the four-story dormitory was discovered to be in flames. The university is located two miles on the Hillsboro turnpike from Nashville, and there was no means of stopping the progress of the flames after they had once gained headway. The amount of the loss is not known, but the building probably cost \$20,000 or \$25,000. The trustees in New York look after the insurance.

The main building of the university was destroyed by fire several months ago, and the dormitory building was the only large structure remaining on the grounds. Practically all of the contents, consisting of furniture, was destroyed. Since the first fire some of the rooms in the dormitory have been used for class work. The session of 1904-1905 closed a short time ago, which is a very fortunate fact, as there might have been a repetition of the Rust Hall disaster had the dormitory been occupied by students.

MOTION WAS OVERRULED

And Papers In Impeachment Proceedings Will Go To The Grand Jury.

As previously announced the impeachment proceedings against Mayor Brownlow were taken up Wednesday evening by Judge Frank Smith. Mr. J. T. V. Smith opened the argument by stating that as the grand jury is in session Judge Smith could not hear the evidence under the state warrant and his only mode of procedure was to turn the matter over to Grand Jury for investigation. Mr. G. T. V. was attorney for the defense, argued otherwise, but Judge Smith decided that as the evidence was not taken up at the evidence overruled the motion to quash and accepted bond for defendant's appearance before the Grand Jury. The question of trying the civil case was then taken up, whereupon Mr. Hughes stated that as Judge Smith could render judgment if he liked, and he would take appeal for his client. Mr. Smith rendered judgement for \$22.00 and the case now goes to the Circuit Court for trial "de novo."
